

## The Year 9 Curriculum Enrichment Entitlement 2025/26

The following curriculum enrichment offer is the current one the Year 9s will experience. However, as the academic year progresses other opportunities will be available to them. Where they experience fewer activities under one of the pillars they will do more in subsequent years. Across OAT academies, we aim for students to experience at least 80 hours of curriculum enrichment every year.

In addition to these experiences, we offer a full assembly and form programme that both supports and extends our curriculum enrichment programme.

**Experience** – at ODA, we want students to meet many different people from different walks of life; visit amazing places; and try things that they have never done before.

Experience	Category	Detail
Geography	School based events	Film screenings
History	Speakers and workshops	History assemblies

**Think** –at ODA, we want students to develop a broad general knowledge; to engage critically with topical or contentious issues; and to debate the merits of different points of view.

**Practice** – at ODA, we want students to become familiar and proficient with a wide range of skills; and to become experts at the things they are passionate about

Practice	Category	Detail
History	Academic	Dora Love competition
Maths	Passion	Maths Competition
PE	Passion	Fixtures
PE	Passion	Inter-House Competition
PE	Subject	PE Extra Curricular Club
Science	Passion	OAT Science Cup

**Contribute** – at ODA we want students to be active members of their lessons, teams, school community and wider society. We want students to find issues they care about and give them the opportunity to make positive change. We want students to share their skills, knowledge and passions for the benefits of others.

Contribute	Category	Detail
